Checklist **Before Booking Your Free appointment**: The time allowance for Free Appointments are restricted to 15 Minutes only. Anything over the time limit requires a surcharge of £97 please see the complete menu here

Book your Appointment <https://cmcmvxl.setmore.com/>

**CHECKLIST**: Please make sure you have the following sorted out before booking.

1. **What VPS?** Watch the video and Download This VPS  
<https://connectmycurrency.com/best-vps/>
2. **What Broker?** Click the link below & Sign up with this specific Broker  
<https://connectmycurrency.com/best-broker/>  
  
(US Clients) Click this link to Sign up for this broker <https://bit.ly/3fABSl6>
3. Please **Download** the Software directly to your Windows based VPS or computer  
<https://connectmycurrency.com/best-vps/>

**VERY IMPORTANT!**

4. **All programs are to be closed except the broker we are using and 1 browser window with 1 tab prior to the installation team going on: Why?** If software or programs are open in your computer the loading times and lag is **incredibly slow...** for me to complete the installation and even disconnections happen. So to avoid a **£97 Surcharge being applied** please close all irrelevant programs and software before our appointment.

## Yearly Access Bundle

<https://connectmycurrency.com/product/ecaptradingbundleyear/>

## What will I receive with The Ewan Capital Trading Bundle?

Multiple trades per a week sometimes this may not be possible if my strategy or edge hasn't appeared in the markets. But... to combat this we also use MSP for additional signals plus much much more!.

## What format will your signals be sent in?

They will be sent in Text Format and here's an example

**ASSET CLASS: EURJPY** (Asset we are trading)

**TRADE NUM: 1** (The Number of the Trade we are taking)

**KEY AREA (KA): SELL LIMIT** (Key Area: Sell The area where the trade is likely to reverse)

**DURATION: SWING TRADE** (Type of trade and time expected to be in the trade) Swing= 4 Hours to 14 Days

**RISK TOLERANCE: LOW** (Risk of the trade Low Med High)

**DD:** (Drawdown Expected floating negative)

**ENTRY PRICE:** 132.518 (Your Entry Price)

**SL:** 133.827 (Your Stop Loss Price)

**TAKE PROFIT 1:** 131.647 (Your 1st Take Profit Price)

TAKE PROFIT 2: 130.988 (Your 2nd Take Profit Price)

TAKE PROFIT 3: 130.045 (Your 3rd Take Profit Price)

TAKE PROFIT 4: 128.980 (Your 4th Take Profit Price)

TAKE PROFIT 5: 128.035 (Your 5th Take Profit Price)

**Risk settings and Disclaimer:** Past profits does not indicate future earnings, also bare in mind that trade does carry a risk of 0.1-4% per a trade and some trades may carry an initial DD period that all traders should be aware of. If the trade changes please see Chart Updates Channel.
